MEMORANDUM FOR THE DIRECTOR, CENTRAL INTELLIGENCE AGENCY

SUBJECT: Mr. Harry Fitzwater's Retirement

1. On the occasion of Mr. Harry Fitzwater's retirement as the Director of Administration (DDA) for the Central Intelligence Agency, I wish to express my appreciation for his unstinting willingness to cooperate and assist in numerous matters of mutual interest to both agencies. Whether it be on facility matters, training and education, security, or, probably most significantly, information systems matters, Harry always had a willingness to view the subject from a Community perspective and maintained the highest professionalism in working with our Agency.

2. As you are well aware, of most notable interest to DIA has been Harry Fitzwater's leadership in the development of the SAFE program. Through his dedication and timeless efforts the program is now paying dividends to both agencies. The system is providing capabilities for message and text processing to several hundred users in DIA today and improved capabilities are being delivered now to CIA with Delivery 2 and will be installed in DIA next summer. Harry has maintained a commitment, developed open communications, and established a sound management process with senior leadership in DIA to deal with the complex challenges of a highly technical joint agency development project. The model he has built will serve both agencies well as we jointly continue the commitment to fully implement all the important capabilities to assist in the intelligence analytic process now planned through Delivery 4.

3. Again, please express my deepest gratitude to Harry Fitzwater on his retirement, and DIA's best wishes for continued success and good health.
